**Official Lyric / Backing track**

**[Verse 1: James Hetfield]**

Blacked out  
Pop queen, amphetamine  
The screams crashed into silence  
Tapped out  
Doused in the gasoline  
The high times going timeless  
Decadence  
Death of the innocence  
The pathway starts to spiral  
Infamy  
All for publicity  
Destruction going viral

**[Bridge 2]**

Light it up  
Ah light it up  
Another hit erases all the pain  
Bulletproof  
Ah, kill the truth  
You're falling, but you think you're flying high  
High again

**[Chorus]**

Sold your soul  
Built a higher wall  
Yesterday  
Now you're thrown away  
Same rise and fall  
Who cares at all?  
Seduced by fame  
A moth into the flame

**[Verse 2: James Hetfield]**

Twisted  
Backstabbing wicked  
The delusion absolution  
Perjure  
Fame is the murderer  
Seduce you into ruin

**[Bridge 2: James Hetfield]**

Light it up  
Ah light it up  
Another hit erases all the pain  
Bulletproof  
Ah, kill the truth  
You're falling, but you think you're flying high  
High again

**[Chorus: James Hetfield]**

Sold your soul  
Built a higher wall  
Yesterday  
Now you're thrown away  
Same rise and fall  
Who cares at all?  
Seduced by fame  
A moth into the flame

**[Bridge: James Hetfield]**

Light it up  
Ah light it up  
Another hit erases all the pain  
Bulletproof  
Ah, kill the truth  
You're falling, but you think you're flying high  
High again

**[Verse 3: James Hetfield]**

Guarantee your name, you go and kill yourself  
The vultures feast around you still  
Overdose on shame and insecurity  
If one won't do that fistful will

**[solo]****[Verse 4: James Hetfield]**

Death scene  
Black hearse the limousine  
A grave filled with seduction  
Vaccine  
Fame does the murdering  
She builds up for destruction

**[Bridge 2]**

Light it up  
Ah light it up  
Another hit erases all the pain  
Bulletproof  
Ah, kill the truth  
You're falling, but you think you're flying high  
High again

**[Chorus]**

Sold your soul  
Built a higher wall  
Yesterday  
Now you're thrown away  
Same rise and fall  
Who cares at all?  
Seduced by fame  
A moth into the flame

**[Chorus: James Hetfield]**

Smile as it burns to the ground  
The perfect don't want you around  
Question yourself, you may learn  
You are the witch, you must burn  
You must burn!

**[Outro: James Hetfield]**

A moth into the flame
