[Verse 1: James Hetfield]

I, I am desperation
Need it so bad today
I, I am isolation
Static and disarray
Need this, gotta have more
Crawlin' out my skin
Sickness, scarring returns
Burning me again

[Chorus]

Too far gone
Am I too far gone?
Am I too far gone to save?
Help me make it through the day

[Verse 2]

I, I am tribulation
Digging down to the bone
I, I am agitation
Never leaves me alone
Keep on, push it along
Don't want to feel this
Sink in, start to believe
That I don't exist

[Chorus]

Too far gone
Am I too far gone?
Am I too far gone to save?
Help me make it through the day

[Bridge]

All away
I am desperation
All away
I am isolation
All away
I am agitation
All away

[Chorus]

Too far gone
Am I too far gone?
Am I too far gone to save?
Help me make it through the day

[Outro]

Just for today
