

Gracklestugh Tavern

GRACKLESTUGH TAVERN

Candlelit Timber Alehouse

A warm, heavy-built tavern interior of dark timber and worn floorboards, designed as a grounded fantasy social hub for meals, drink, and quiet meetings. Candlelight and lantern glow reflect across polished wood while cool blue night light filters through the windows, creating a strong contrast between exterior chill and interior comfort. The room feels rustic, practical, and well-used, with booths, communal tables, a long bar, a large ale cask, and a prominent bear-hide rug establishing its identity.
